Availability of grants

The Koszalin University of Technology offers different financial assistance systems to its students. This applies both to full-time and part-time programme students. Benefits are awarded in accordance with the rules available at the University's website.

A student or a PhD student may apply for the following: the maintenance grant, the special disability grant, the Rector's grant for the best students or PhD students, the Minister's grant for outstanding achievements and an aid payment. A student or a PhD student needs to submit an application for these to the Dean's Office.

Grants are payable by the fifteenth day of every month, with the exception of October and March, when the payment might be postponed by one month.
