

Student Organisations

At the University, there are many active student sections and organizations, including a student radio station and two television studios, a climbing club, a dance club, photography groups, newspaper editorial sections and a student portal. Every year, the student self-government organizes a yearly Juvenalia Student Festival, an event that is very popular with young students. The Kreślarnia University Student Club, for yet another year, has received the prestigious title of the best student club in Poland.
